PLAYER'S CONDUCT POLICY

1. All players will be expected to abide by all rules established by the chaperone and/or group leader. This includes curfews, rising hours, and general conduct while in the hotel, homes, dormitories, or schools, as well as during the matches or training sessions.
2. Any "separate" sightseeing, shopping, or leisure touring away from the hotel, home, dormitory, school or bus shall be done in groups of four or more persons after receiving permission from the chaperone. The chaperone is to be informed of your whereabouts and time you expect to return. The chaperone reserves the right to deny any separate sightseeing.
3. Every player will participate in all tour activities unless there is an illness. No one will be permitted to remain alone in the hotel, homes, dormitory, or schools.
4. In case of emergency, the chaperone shall be authorized to act in place of the parent but will not assume liability for action taken in the best interest of the player.
5. Any misconduct by a player will be judged at the discretion of the chaperones or coaches. If warranted, parents will be notified, and the player will return home on the next available flight at his/her own expense.
6. Dress code: Formal wear will not be practical. Neat casual dress is requested.
